Director of Special Projects
Director of Computer Services
Director of Special Activities
Director of Scientific Intelligence
Director of Research and Development
Director of Foreign Missile and Space
Analysis Center
Chief,
Chief, Special Projects Staff

25X1A

SUBJECT: Status of Funds - FY 1972

1. Each office should make a prompt review of its funding requirements for the balance of the fiscal year. There will be a freeze as of 1 April on all unobligated contract funds pending a rejustification of requirements for those funds in competition with unfunded requirements of other DD/S&T offices.

2. Accordingly, each office should submit the following by 3 April:

a. The unobligated balance of contract funds included in your current FY 1972 Operating Allowance as of close of business 31 March. (Proposals will not be considered obligated for this purpose unless they have been logged in to the O/DD/S&T Registry).

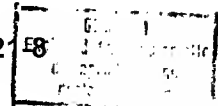

b. A priority listing (not to exceed this unobligated balance 2a. above) of all proposals which you wish to let during the remainder of FY 1972. Indicate for each a brief description and the estimated date of submission to DD/S&T.

c. Any surplus (management or contract) funds contained in present allocation that could be withdrawn and used for other Directorate priority requirements.
